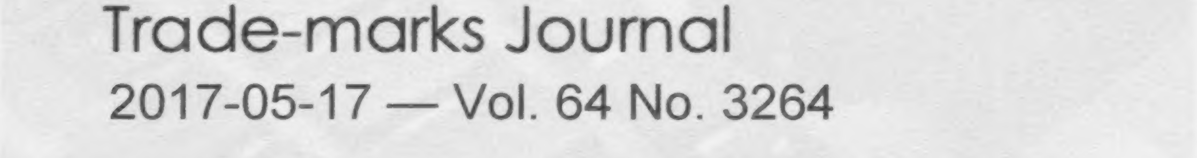
Trade-marks Journal

2017-05-17 — Vol. 64 No. 3264



Canada

Trade-marks Journal

Vol. 64 No. 3264

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Image Description (Vienna)

- Monkeys, apes, orang-utans and other quadrumana
- Animals of Series V lying down
- Letters presenting a special form of writing
- Letters linked to a figurative element – Note: Letters representing a human being or a part of the human body, an animal or a part of an animal's body, a plant, a heavenly body, a natural phenomenon or an object are classified in division 27.3.
- Letters crossed or barred by letters, numerals or a figurative element

---

Trademark Description

LAZYBAG is the name we have given to our product, which is directly related to the name. An air-filled couch for outdoor relaxation, on rocky terrain, in water, in the snow, hiking in the mountains and so on. It takes up little space when deflated and requires no pump or electricity to inflate. All it takes is 15 seconds of running against wind 2 or 3 times, and it stays inflated for 2 to 3 hours. On the Z in the logo there appears a sloth (the animal).

KEYVRIX INFORMATION TO KEY VALUE METRICS I

Image Description (Vienna)

- Magnifying glasses with handle
- Letters or numerals representing a human being or a part of the human body, an animal or a part of an animal's body, a plant, a heavenly body, a natural phenomenon or an object
- Letters or numerals representing an object
- Measures -- Note: Not including time-measuring instruments, classified in 17.1, or balances and weights, classified in 17.3.
- Instruments for linear measurement (yardsticks, graduated rulers, tape measures, surveyors' tapes and chains)
- Red, pink, orange
- White, grey, silver
- Black

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours red, white and black are claimed as a feature of the mark. The mark consists of two horizontal rectangular blocks of text. The top block depicts word 'KEYVRIX' in red colour appearing on a white background. The lower case letter 'i' in the word KEYVRIX including the rectangle and circle that forms the letter 'i' is in black colour on a white background surrounded by a circle with handle in red colour depicting a magnifying glass. The black rectangular body of the letter 'i' has horizontal lines drawn in white colour depicting a measuring instrument. The bottom block depicts the words 'Information to Key Value Metrics' in black colour on a white background.

(3) Computer software used for creating, managing, publishing and tracking of wills, powers of attorney and legal documents in the fields of wills and power of attorney law.

(4) Computer software for estate administration and estate accounting and delivering connectivity to online services in the field of estates.

(5) Computer software for automating and streamlining law office and notary office workflow.

(6) Computer software for managing legal work and files, for creating, maintaining, organizing, and processing legal documents and reports, for delivering connectivity to other online services to process and complete legal transactions, and for accessing business tools for marketing and prospecting legal transactions.

SERVICES

(1) Software as a service (SAAS) provider in the field of computer software for preparing and producing real estate documents, reports and statements, managing real estate practice and files, accessing real estate databases and productivity tools, processing on-line title insurance and electronic mortgage, and managing and processing real estate transaction workflow.

(2) Software as a service (SAAS) provider in the field of computer software for creating, maintaining , organizing and tracking corporate database records, for preparing, producing and generating corporate and legal documents and reports, for facilitating corporate document filings and providing connectivity to online services in the field of corporate law.

(3) Software as a service (SAAS) provider in the field of computer software used for creating, managing, publishing and tracking of wills, powers of attorney and legal documents in the fields of wills and power of attorney law.

(4) Software as a service (SAAS) provider in the field of computer software for estate administration and estate accounting and delivering connectivity to online services in the field of estates.

(5) Software as a service (SAAS) provider in the field of computer software for automating and streamlining law office and notary office workflow.

(6) Software as a service (SAAS) provider in the field of computer software for managing legal work and files, for creating, maintaining, organizing, and processing legal documents and reports, for delivering connectivity to other online services to process and complete legal transactions, and for accessing business tools for marketing and prospecting legal transactions.

(7) Providing user access to computer software for preparing and producing real estate documents, reports and statements, managing real estate practice and files, accessing real estate databases and productivity tools, processing on-line title insurance and electronic mortgage, and managing and processing real estate transaction workflow.

(8) Providing user access to computer software for creating, maintaining, organizing and tracking corporate database records, for preparing, producing and generating corporate and legal documents and reports, for facilitating corporate document filings and providing connectivity to online services in the field of corporate law.

(9) Providing user access to computer software used for creating, managing, publishing and tracking of wills, powers of attorney and legal documents in the fields of wills and power of attorney law.

(10) Providing user access to computer software for estate administration and estate accounting and delivering connectivity to online services in the field of estates.

(11) Providing user access to computer software for use in automating and streamlining law office and notary office workflow.

(12) Providing user access to computer software for managing legal work and files, for creating, maintaining, organizing, and processing legal documents and reports, for delivering connectivity to other online services to process and complete legal transactions, and for accessing business tools for marketing and prospecting legal transactions.

(13) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software for preparing and producing real estate documents, reports and statements, managing real estate practice and files, accessing real estate databases and productivity tools, processing on-line title insurance and electronic mortgage, and managing and processing real estate transaction workflow.

(14) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software for

maintaining, organizing and tracking corporate database records, for preparing, producing and generating corporate and legal documents and reports, for facilitating corporate document filings and providing connectivity to online services in the field of corporate law.

(15) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software used for creating, managing, publishing and tracking of wills, powers of attorney and legal documents in the fields of wills and power of attorney law.

(16) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software for estate administration and estate accounting and delivering connectivity to online services in the field of estates.

(17) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software for use in automating and streamlining law office and notary office workflow.

(18) Design, development, manufacturing, training, consultation, technical support in the form of troubleshooting and repair, and upgrade services, all in the field of computer software for managing legal work and files, for creating, maintaining, organizing, and processing legal documents and reports, for delivering connectivity to other online services to process and complete legal transactions, and for accessing business tools for marketing and prospecting legal transactions.
